

Fire Star

The Fire Star 1 is a fireproof data safe, certified to EN 1143-1 Grade 1 for burglary resistance and fire-tested for 60 minutes to a data standard — cool and dry enough inside for tapes, disks and drives, not only paper. One size, 23 litres. A data rating is a stricter test than a paper rating: magnetic and optical media are damaged at far lower temperatures than paper, and by humidity as well as heat, so a data safe has to hold both down for the full test. Burglary resistance is independently tested to EN 1143-1 and certified by VdS in Germany.

CERTIFICATIONS

Burglary Grade I (EN 1143-1), tested by VdS Germany

Fire 60 minutes for data media (EN 1047-1, S 60 DIS)
