

Libra

The Libra is an insurance-approved security safe, certified to EN 1143-1 Grade 0, built to protect cash, jewellery, documents and other valuables at home or in a small office. Grade 0 is the entry point of the European safe standard, and the range runs from 46 to 859 litres across eleven sizes. Every Libra is independently tested for burglary resistance to EN 1143-1 and certified by VdS in Germany. That gives tested resistance to the opportunistic forced entry most home and small-business break-ins involve.
